

Delaware State Fire School and National Fire Academy Partner for Delaware Weekend

Delaware Weekend at the National Fire Academy was held the weekend of August 20 & 21, 2005 as part of a three-way state program with South Carolina and Rhode Island. Almost 200 students attended with 17 of those being from Delaware. This three-way state weekend format gave participants the opportunity to learn from and share experiences with students from other states. The National Fire Academy hopes to do more of these multi-state weekend programs in the future. All who participated were very pleased with the outcome.

The courses offered this year were Shaping the Future, Emergency Response to Terrorism: Tactical Considerations - Company Officer, Arson Detection for the First Responder, Introduction to Unified Command for Multi-agency and Catastrophic Incidents. The weekend also provided an opportunity for the students to participate in the memorial ceremony that recognized fallen fire fighters from the three states. This very moving tribute was held at the National Fallen Fire Fighters Memorial.
